

Tenth Annual Energy Conference

June 5-6, 2013 - Skamania Lodge

Hosted by the  & 
NORTHWEST GAS ASSOCIATION

Last year's attendees' remarked: "It is one of the few conferences primarily focused on natural gas." "I find the content to be relevant and it just gets better each year," "I look forward to this conference every year," and "Meeting a variety of people from different interests in the gas/energy business dealing with the same issues and exchanging ideas."

Northwest Gas Association partners with the Northwest Industrial Gas Users to bring an annual energy conference to Pacific Northwest. We rely on sponsors, like you, to fund the conference and bring a Pacific Northwest Perspective on energy to conference attendees. The 2011 annual energy conference NATURAL GAS: Fueling a The Greener Future was attended by 150 energy-focused attendees.
